POST SHOW REPORT

13th International Exhibition of
**Heating, Ventilation, Air Conditioning,
Water Supply, Sanitary Engineering,
Swimming Pools, Environmental Protection
Technologies and Renewable Energy Sources**

7 · 8 · 9 October, 2025
Uzexpocentre, Tashkent, Uzbekistan

Organisers:

® The Aquatherm trademarks are owned by Reed Messe Wien GmbH and used under licence by ICA Eurasia FZ-LLC

ABOUT THE EXHIBITION

The only exhibition in Uzbekistan, where all kinds of engineering solutions for heating, water supply, sewerage and swimming pools are comprehensively presented. The exhibition is visited by representatives of wholesale and retail trade, specialists of design, installation and construction organisations with high buyer potential from all regions of Uzbekistan and neighboring countries of Central Asia.

EXHIBITORS:

175 companies from **13** countries **76** new participants

VISITORS:

7 400+ visitors from **29** countries **14** regions of Uzbekistan
5 496 unique industry professionals

EXHIBITION AREA:

5 500+ sqm.

PRODUCT GROUPS

Heating equipment

Pools, pool & bath equipment

Engineering systems
design & installation

Water supply equipment

Pipes, fittings, valves

Engineering tools

Ventilation and air conditioning

Control & measuring appliances,
automation systems

Autonomous energy sources &
renewable energy

EXHIBITORS

175

companies from

Azerbaijan, China, Czech Republic, Germany, Iran, Italy, Kazakhstan, Republic of Korea, Poland, Russia, Turkiye, the UAE, Uzbekistan

INDUSTRY LEADERS AND ESTABLISHED COMPANIES AMONG THE EXHIBITORS:

Afriso, Ahi Carrier FZC, AWT, Besterm Yapı, Chudej, Craft, Haier, Herborner Pumpentechnik, Jihozvent, Koer, Lagom Mühendislik, Nupi Industrie, Robert Bosch, Rols Isomarket, Ruck Ventilatoren GmbH, Solida, Termofan, Termoheat, Türk Demirdöküm, Univent, Wilo, Azertexnolayn, Aquacity, Credo-Pak, Ostendorf Rus, Uralkhimsorb, Rotorika, RTT, Turkov, Energetik, Yutara, and others

EXHIBITOR SURVEY RESULTS

82%

rated their participation in the exhibition positively

81%

Met with existing clients and partners

70%

satisfied with the number of visitors

71%

satisfied with the quality of visitors

73%

found new clients and business partners at the exhibition

89%

Consider participation in the exhibition important for the development of their business

EXHIBITOR FEEDBACK

Haier

AquaTherm is a leading exhibition for climate control equipment, and Haier is well known for its products in this sector. This year, we decided to participate for the first time, with the primary objective of strengthening our market presence. We established a number of promising contacts with new clients. Visitors included representatives not only from Uzbekistan, but also from Kazakhstan, Tajikistan, and Kyrgyz Republic. We plan to take part again next year.

Jurat Salimjonov,
Marketing Manager

Chuděj

We are a company from the Czech Republic and are participating in the exhibition for the second time. At AquaTherm, we are presenting our drainage channels, roof drainage systems, rainwater inlets, and pipe fixing solutions. We consider AquaTherm to be a highly relevant exhibition for our company. Visitors included representatives from countries such as Iran, Azerbaijan, and Kyrgyz Republic, and there is clear demand for our products in this market. We have secured new clients and plan to continue our work and participate again next year.

Miroslav Chuděj,
Company Owner

CA-W, Kan Group

KAN is a Polish manufacturer of equipment and materials for heating and water supply systems. Participation in AquaTherm Tashkent is not our first experience, and we clearly see how rapidly the Uzbek market is developing, particularly in recent years. We are keen to contribute to this progress and to become part of this success. It was a pleasure to reconnect with long-standing partners and to establish new contacts — many visitors asked unconventional and insightful questions, which supports our continued growth and improvement. We are satisfied with our participation and would like to thank the organisers. We are confident that the exhibition will continue to expand year by year.

Maksim Kuno,
Regional Manager

Azertexnolayn

Our company operates three production facilities: steel pipes, polyethylene pipes and fittings, and cast iron products. For us, AquaTherm Tashkent is an opportunity to meet new contacts as well as to hold bilateral meetings with partners. We have been participating in the exhibition for more than four years and certainly look forward to seeing everyone again next year.

Medina Huseynli,
Principal Export Sales Specialist

Rols Isomarket

Rols Isomarket is the largest manufacturer of technical thermal insulation in Russia. This is not our first time participating in AquaTherm Tashkent, and we are very satisfied with the results. Most importantly, the exhibition provides a valuable opportunity to meet our partners in Uzbekistan in person, which is extremely important for us. AquaTherm is a specialised, leading exhibition that fully aligns with our industry profile. Visitors represent the entire Central Asian region. The exhibition continues to grow, becoming increasingly engaging and visually dynamic. We are pleased to see the market developing, which is also reflected in our sales performance in Uzbekistan.

Sergey Ozerov,
Deputy Commercial Director for Marketing
